## Letter to the Editor,

The San Leon MUD announced at the Feb 20th Monthly Meeting that the MUD will hold a Bond Election on May 4, 2019. This Public Election will determine if the Voting Public desires for the San Leon MUD to engage in the Sale of Bonds that will entail Bond Debt totaling an eye-popping \$39,650,000.00. If allowed to pass, this record setting Debt would be a financial burden on San Leon Citizens for decades to come by virtue of higher property taxes and water bills. And San Leon already has the highest MUD property tax & water bills in the Bayshore area.

Strangely enough, even though this decision on Bond Debt will be up to the Voting Public, the members of the San Leon MUD Board were NOT Elected by the Public, but rather re-appointed via a self-serving maneuver, purportedly in conformance with Texas Statutes. This resulted in Cancelled Officers Elections in both 2016 & 2018. Details posted: [www.SanLeon.info](http://www.SanLeon.info). Involved in the 2018 scheme: Joe Manchaca, Tyson Kennedy & Kelly Neason.

For those desiring to become registered to VOTE in the upcoming Bond Election, Voters Registration Cards are NOW available in San Leon at: Gilhooley's Restaurant, San Leon American Legion Hall 291, Eagle Point Marina & Lawrence's Grocery. Voter Registration Deadline is April 4th. Early Bond Election April 22-26 & 29-30 at the San Leon VFD. We do not have a government by majority; we have a government by the majority who participate. -David Jetelina
